

To Whom It May Concern:

It is a pleasure of mine to highly recommend Cameron Roswell for the position of Technology Specialist. He has been an employee of mine for the past five years and during this time I have known him to be reliable and a good character to work with.

My name is Andrew Gregorich, a general manager at Jersey Mikes Subs. I have had six years of experience in this area with three of those years being in management. In my time working in this area, I have worked with countless individuals, and it is very clear to separate those who are there just to work and those who want to do more. Cameron is a person who wants to learn and grow more.

During our time together Cameron has been efficient, quick on his feet, and easy going. He has a great attitude and outlook which I consider as great qualities for anyone I want to be around. When it comes to anything technical such as setting up new systems in the store or creating more effective ordering processes for our product Cameron has been my go-to guy.

Cameron has my strong endorsement that he would be a fantastic fit within your organization. He has the know-how and skills you want in an applicant. I am confident he will become a vital part of your team just like he has for me.

If you have any further questions or would like more information, please contact me. My information will be provided below.

Sincerely,
Andrew Gregorich
General Manager
Jersey Mike's
