

To Whom This May Concern,

I would like to recommend Cameron Roswell for your company. Cameron has been working for me since September of 2022 when we took ownership of the store he was working at. While under my supervision, his responsibilities have included customer service, food preparation and training of new employees to name a few.

Cameron has been one of the hardest working and most dedicated employees that I have seen in my 18 years of working in the food service industry. He is highly driven. He asks for feedback on how he is performing and what he can do to make the store run better and more efficient. He always has shown up on time in proper uniform ready to work each and every shift. He has came in early and stayed in late several times. He is such a positive person. Its hard to have a bad day when your around him and his positive attitude. He finds ways to get things done when things get a little hectic during rushes. He is seen as a leader by his employees and his peers due to his strong work ethic. He leads by example. He has moved up to be an Assistant Manager here at Jersey Mike's. I know Cameron will give it 110% at whatever he is doing.

I have zero no doubt in my mind that Cameron will be a huge asset to your company. He gives it his all in everything that he does and takes pride while doing it. I know Cameron will accomplish many great things in his life both professionally and personally. If you need anymore information, please feel free to contact me. Thank you for your time.
